SCORPION
EXO[®]

Since fifteen years Scorpion EXO™ has been dedicated to offering high quality, innovative motorcycle helmets at an incredible value.

Some of the world's best helmet designers spend countless hours developing and testing Scorpion EXO™ products to ensure that each and every Scorpion EXO™ Helmet will surpass user expectations. Pulling R&D from some of the top riders in the world, from MotoGP all the way to the Dakar Rally, Scorpion EXO™ is committed to listening to your needs.

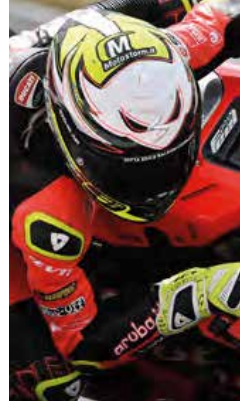

At Scorpion EXO™ we are dedicated to providing premium quality safety products you can rely on, we live for our brand from start to finish and we ride the same streets that you do. At Scorpion EXO™ our brand is more than just a logo, it's a lifestyle.

Our mission

Scorpion exists to challenge the status quo of the commodity market with innovative and intelligently designed products that change the way people think about their gear.

Our identity

At Scorpion we believe that quality, value, and profitability are not mutually exclusive. We create products that enhance our customer's experiences and change the way they think about their gear. Every day we strive to destroy boundaries. We are committed to the fundamental principles of partnership, profitability, and progress. We believe in sustained profitability through mutual growth and dedicated communication. Our team is our core strength, and customer satisfaction is our core focus. Our Brand is more than just a logo.

Quick and easy EXO-COM set up thanks to dedicated "EXO-COM" smartphone application available for iOS and Android.

AN INTERCOM TAILORED FOR YOUR SCORPION HELMET

Scorpion and uClear experts worked closely to create the perfect intercom for your Scorpion helmet : the EXO-COM. Lightweight, well designed and easy-to-install, the EXO-COM integrates Bluetooth 5.0 technology allowing you to connect several devices at the same time (smartphone, GPS, mp3 player...). Thanks to the DynaMESH communication network, you can chat up to 4 riders without being interrupted by the departure or the arrival of one of them : no more need to stop to reconnect everyone with the group, a single push is enough for your entire trip !

Stay focused on driving !

At Scorpion we believe that an intercom is an accessory that should make your driving experience easy and smooth : no more crackling and inaudible dialogue, welcome HD speakers in your helmet ! Boost 2.0 speakers are equipped with an equalizer, a bass booster and a balance to adjust the sound easily via the dedicated Scorpion smartphone application both available on iOS and Android. Moreover, uClear patented dual microphone and noise reduction system will filter wind and parasite noises to transmit your voice only.

Enjoy your ride with music !

Multitasking audio technology enable you to listen to your music and to share it with your mates while adjusting the volume to the vocal chat and with your GPS instructions.

The EXO-COM warranty last for 2 years. Discrete, it only weights 78g for 80x35x15mm dimensions. Performant, you will benefit from a 15h autonomy and up to 800m range !

Designed for your helmet, the EXO-COM integrates perfectly in your EXO-520 EVO Air, EXO-930, EXO-230 and ADX-2 : The speakers with dual microphones are preinstalled when you purchase the helmet in its SMART version of those helmet models and easy to install if you buy it separately. The EXO-COM is also designed for an easy and aesthetic mount on your EXO-S1 and EXO-HX1 with the optional Mounting Adapter kit.

EXO-COM
COM-001

INBOX

- 1- EXO-COM Controller Bracket
- 2- Battery
- 3- Boost 2.0 speakers with integrated microphones
- 4- Quick user guide (you can download full guide from our website)

EXO-R1 EVO AIR

Scorpion presents the all new, beautiful and light-weight EXO-R1 EVO Air racing helmet with many incredible features. The large top vent scoops in more air and the aerodynamically designed exhaust vents pull the hot air out efficiently but the helmet remains quiet even when you ride fast, thanks to slim but large vent bodies correspond to elegant and sleek shell shape. EXO-R1 EVO Air gives the most exhilarating experience when you ride regardless of who you are. EXO-R1 EVO Air can fulfill a range of customer demands; from commuters to professional motorcycle riders.

EXO-1400 EVO AIR

The all-new EXO-1400 EVO Air helmet best shows the innovative spirit of ScorpionExo with an aggressive helmet shape, light weight, brand-new top super ventilation system, newly developed KwikWick® III liner fabric, and shield locking mechanism with a push-up open lever located in center. Thanks to ScorpionExo's leading-edge technology, the helmet can become more silent than its predecessor EXO-1200 Air but its top super ventilation system still provides quite sufficient fresh air while removes hot air quickly and efficiently out of its air channels. This helmet is born to give the best comfort to every tourers who rides all day. The helmet also comes with carbon hybrid version for the riders who want lighter weight, and premium details with more stylish image

EXO - 491

If you are in a search for a cool, stylish looking full face helmet, yet versatile and rational, the EXO-491 is the best option for you. EXO-491 is a fully qualified successor of the popular EXO-490, coming with all advanced features and functions. It utilizes Scorpion's multi-layer EPS and carries ram-air vent system providing substantial in and out airflow, MaxVision® (Optional) face shield prepared for a wider field of view, Kwikwick® C moisture wicking fully removable and washable liner is a bonus, and built-in SpeedView® drop down sunvisor. Just More than You Ask. If you're the one who enjoys daily riding with diverse features and looking for the most reasonable helmet, the EXO-491 will be your favorite.

CHARACTERISTICS

ECE R22.06

Injection Molding

EXO - 3 9 1

Reasonable but Most Durable

The new EXO-391 comes with extra-reinforced safety and durability that can easily exceed any of your expectations. ScorpionEXO® proudly offers EXO-391 to those who wish to take the most reasonable and yet safest helmet. EXO-391 is equipped with Pinlock® MaxVision® prepared shield that can remedy the anti-fogging, KwikWick®C moisture-wicking liners to keep you cool and dry, and the Scorpion's flagship Ellip-tec ratchet system for extra air-tight sealing.

CHARACTERISTICS

ECE R22.06

Triple density foam pads

Emergency Release System

Injection Molding

Ellip-tec - Easy, Secure, tool-less visor changes in seconds. Pulls the visor back against the eyeport gasket during closure to ensure a proper seal.

Pinlock Maxvision - Pinlock® 100% Max Vision® ensures a 100% fog free vision. The anti-fog insert lens is placed in the ScorpionEXO™ face shield w/tearoff posts, providing maximum visibility (optional accessory).

Quick Release/One Touch Buckle

Kwikwick C - KwikWick® anti-microbial fabric keeps you cool and dry in warm weather, warm in cool weather Liner is easily removable and washable. The KwikWick® have 3D cheek pads.

Kwikfit - Kwikfit™ cheekpads allow use of most common styles of eye glasses.

EXO-TECH EVO

EXO-Tech EVO does not want to be just another flip-back style modular helmet but to be a game changer with its perfect fullface looking design, wide vision with Pinlock-ready shield, lowvolume shell, easy-to-operate chin bar mechanism, and tension spring applied one-touch top vent. This modular helmet comes with a good price-to-performance ratio to satisfy various market needs. You will see the differences when you view it, you will feel the differences with you wear it, and you will experience the differences when you ride with it.

EXO - HX 1

The real HX1 full face comes here at last. Scorpion's "neo-retro" philosophy presents various innovative functions and brings sleek and stylish shell design while keeping classic streetfighter look. The patented, slim and small magnetic mechanism used for face shield movement offers smooth shield opening, and helps to realize slender shell line.

The helmet can be changed to an off-road style helmet with peak visor installed and the face shield removed. It can be changed its look as classic street fighter full face also with peak visor removed and side covers installed. The eyepoint is large enough to accept most goggles. In addition, the interchangeable mouth vent bundled in the package provides different look. This full face helmet can be made as another transformer thanks to Scorpion's innovative spirit.

COVER T FX

Another Originality & Speciality

The Creator of the original bad-ass Covert/Combat Motorcycle Helmet has now developed a full-face version, the Covert FX! The Covert FX displays the same edgy style and function that is expected from the ScorpionEXO® Covert/Combat Series. However stylish the details may be, they have important functions. Each helmet is carefully hand-crafted using the latest fiberglass, aramid, and polyresin fibers which provide superior strength and extreme lightweight. The low-profile shell has been aerodynamically tuned for motorcycle riding, minimizing both lift and turbulence for a smoother, quieter, and more stable ride. Integrated speaker pockets make it easy to install your favorite Bluetooth® communication device, while the KwikWick 3 comfort Liner features a moisture-wicking material that will keep you cool, dry, and comfortable during your ride. ScorpionEXO® continues to set the new standard when it comes to value in a motorcycle helmet by including a Free Dark Smoke Shield, as well as a Clear shield, right out of the box.

If you're looking for a Stylish and Functional motorcycle helmet that's perfect for both city commutes and long-distance touring, look no further than the Covert FX.

COVER-T-X

The legendary transformer now has a totally new and upgraded successor, with Scorpion's Ultra-TCT™ lightweight pre-pregated composite fiber shell. Covert-X has a neck-cover integrated street-fighter style jet shell, with much more lighter than its plastic version predecessor. Its bigger and aggressive looking mask completes real bad-ass style, and individually working two front vents provide more ventilation through air channels inside the shell. Complete your riding style with Covert-X.

EXO-COMBAT II

Ready to Fight Tonight. True Bad-ass is back! Loved by celebrities. Enjoyed being on the blockbuster movie screens. The new EXO-Combat II is back with an even more aggressive design and radical look! Improved fitment, enhanced noise-reduction and an optically improved sun visor are just a few of the improvements over the previous EXO-Combat Helmet. The new 2-Piece design allows the rider maximum airflow by converting to an open-face style helmet when needed. Attach the mask to complete the aggressive 'bad-ass' look or just to add a little protection from debris, noise, and weather. Integrated speaker pockets make it easy to install your favorite Bluetooth® communication device, while the KwikWick comfort Liner features a moisture-wicking material that will keep you cool, dry, and comfortable during your ride. The original EXO-Combat "Bad-Ass" was no easy act to follow. The EXO-Combat II not only represents a true evolution, but it also lays waste to all the wannabes who've tried to follow in the Original EXO-Combat's wake!

EXO-CITY II

EXO and the City

The EXO-City was designed to offer a modern, protective, practical and functional product for those riders that need more than just a normal jet helmet. The face shield is specially extended in length for serious wind blocking, and the internal drop down Speedview® sun visor protects the rider from excessive UV light and washable KwikWick®C liner will keep you comfortable and fresh with its moisture-wicking properties.

CHARACTERISTICS

ADVENTURE

ADF-9000 AIR
ADX-2

A D F - 9 0 0 0 A I R

For those Serious and Chic

The all-new ADF-9000 Air was engineered to meet the demands of the serious Adventure Rider by striking the perfect balance of features and benefits for both on and off-road. Each helmet is carefully hand crafted using the latest TCT Ultra Technology, providing superior strength and light-weight. The Exolon® Peak Visor features a special shatter-resistant material that is built to help prevent shattering. In addition to its unique material, the peak visor's aerodynamics were designed to help keep buffeting to a minimum when riding at high speeds. If the highway is your primary terrain, or if you're riding away from the sun, the peak visor can be easily removed by loosening the peak visor bolts by hands. When your adventures take you off-road where goggles are preferred, the face shield features a tool-less system allowing you to easily and quickly swap your shield for goggles. The wide eye port allows for greater peripheral vision and accommodates most sizes and brands of goggles. Another unique feature only seen in ScorpionEXO® helmets is the Airfit® liner inflation system, which allows you to customize the fit of your cheek pads, which also helps significantly reduce wind noise, buffeting, and lift. Whether you're traveling the globe or riding casually, the ADF-9000 Air was built to provide you with the comfort, safety, and confidence needed to take on any terrain; making it a true All-Road, All-Weather helmet!

CHARACTERISTICS

ADX-2

When your rides regularly take you on and off road, it's time to consider Scorpion's new Modular Adventure Helmet ADX-2, the newest offering in Adventure helmets, is an all-innovative design and features over others. Versatility with P/J double homologation and optimal functions for riders who intend to touring, adventure or even dirtbike, regardless of the riding conditions, ADX-2 is fully geared for all you desire. Hyper-flexible adventure/dual sports modular helmet leads to all of the benefits with conveniently flipping-up the chinbar for a short break time, or swapping the face-shield to goggles for a serious dirtbike experience and also simply removing external peak visor for a better aerodynamic touring purpose. Ticks all the boxes! ADX-2 is the helmet that possesses a variety of features including internal drop down Speedview® sunvisor and KwikWick® C liner, providing maximum comfort for all types of adventures. The inner lining is fully padded with soft fabric that prevents excessive sweating especially for long-distance or hot-day rides. Plus, the beautifully designed Scorpion' innovative Bluetooth intercom EXO-COM® (sold separately) will inspire your pursuit of adventure.

VX-22 AIR
VX-16 EVO AIR

VX-22 AIR

Successor of the iconic VX-21 Air with an impressive track record on all terrains, the new Scorpion VX-22 Air will have the difficult task of replacing the most emblematic model of its off-road range by combining the best of technology forever more efficiency. Developed under the watchful eyes of the world's best cross and enduro riders, the new VX-22 Air reinvents the ingenuity of an all-terrain helmet for even more performance in action! Ultra-light shell in shock-absorbing TCT fiber with MIPS® safety system, Airfit® inflation pump acting on the cheeks for a helmet made to measure, new KwikWick®III inner lining and ultra-cozy removable and washable padding in machine, Double-D titanium chinstrap, optimized ventilation system, Neck Brace compatible circular seal, new ultra-light and resistant visor ... the VX-22 Air is winning at all levels!

CHARACTERISTICS

Airfit - Inflatable cheek pad system for superior personalized fit.

ECE R22.06

Ultra TCT - Developed by Scorpion EXO™, revolutionary new pre-preg technology offers unrivaled protection. Extremely light, digressive integrity on impact absorbs more energy.

Emergency Release System

OFF-ROAD

VX-16 EVO AIR

Feel the brand-new differences in design and fitment. VX-16 Air inherited the great features of VX-15 series such as AirFit, large eyepoint, removable mouth vent, and peak visor extension, while it offers improved fitment with laser-cut 3D contoured cheek pads, larger chin room to breathe more comfortably, and lighter weight thanks to Scorpion's advanced thermoplastic shell. Also it does not miss the a-la-mode design trend in current offroad helmets. The VX-16 Air will write another page in Scorpion's offroad helmet history.

A motocross rider wearing a black helmet with orange-tinted goggles and a red and white bike is shown in profile on the left side of the frame. The bike has a white number plate with the number '123' and the word 'MOTOR' partially visible. The rider is on a muddy track, and a large splash of mud is visible in the background. The text 'GET STUNING' is overlaid in large, bold, yellow letters on the right side of the image. The background is a blurred outdoor setting with a cloudy sky and some greenery.
