Rigid mask

Light smoke shield + dark smoke shield in the box

We've taken a perfectly good helmet and made it "badass"

We started with a 3/4 helmet shell and added an integrated Speedview® drop down sunvisor for protection from sunlight. Then you attach the front mask and you got one very aggressive looking helmet. EXO-Combat is a real transformer for whom is looking for a "badass" look. Sometimes there are special forces that require you to go with it.

ADX-1

A Swiss army knife of the helmet world

Introducing the all new ADX-1, a versatile modular Adventure Touring helmet. It has features and quality that you would expect to pay three times more for.

The ADX-1 can be used as a full face ADV helmet with external peak visor attached, or the peak visor can be removed and you have an aerodynamic touring helmet. Our oversized eye port is extremely wide for greater peripheral vision and downward visibility, and the modular chin bar can be conveniently flipped up when you stop to get gas or ask for directions. Additionally, the no-fog Pinlock® MaxVision® face shield can be removed and you can use the ADX-1 as a dirt helmet with goggles for off-road use. Two shell sizes made of Advanced LG® Polycarbonate and dual density EPS, result in a helmet that is light weight, strong, and protective.
